CZECH OPEN CHAMPIONSHIP IN SPORTING

STŘELECKÝ KLUB
Cinderella
DNEŠICE

A WORD FROM THE ORGANIZER

Please, let me invite you to the picturesque environment of a shooting range located close to the Capital City of Beer – Pilsen, some 15 minutes away from Exit 80 of the D5 Motorway.

The tradition of organizing competitions in sporting is over 10 years long. The constant high turnout at our annual competition on the first September weekend, and a favourable situation in the crop planning on the neighbouring land led us to organize the Czech Open.

We are aware that organizing this competition was possible only thanks to the selfless attitude of our member as well as of the locals. First of all, I would like to thank all our partners, as it was thanks to them that we were able to restore the prestige of this premium event; the prestige that has been neglected so much, lately. I believe that the spirit of fair play shall guide all shooters, referees, the audience and even the notorious grumblers.

See you in Dnešice!
